

Liquid Chlorine

EXCLUSI VE FEATURES

- Greenish yellow liquified gas under pressure.
- It possesses a pungent and suffocating odour.
- Highly toxic in nature.

APPLI CATIONS

- Manufacturing of :
 - PVC (Poly Vinly Chloride)
 - Synthetic Rubber
 - Chlorinated Hydrocarbons
 - Chlorinated Paraffins Wax(CPW)
- Water Purification
- Disinfecting Agent
- Bleaching Agent
- Waste and Sewage Treatment
- Sanitising Agent

ADVANTAGES

- Membrane Technology at Guljag gives mercury free Chlorine which can be used for Chlorine based products for pharma applications also.
- QCD is equipped with most modern instruments to analyse special tests also on request.

SPECI FI CATIONS

Properties	Specifications	
Chloride content	%	99.50 min.
Moisture	%	0.01 max.
Residue on evaporation	%	0.02 max.

Caution: Threshold limit 1 ppm in air as per ACGIH norms.

PACKI NG

900 kg Tonner and 100 kg Cylinder
